LANECROWDER

As a driven and detail-oriented software engineering enthusiast with a passion for creating innovative solutions, I am eager to apply my skills to a professional software engineering role. Though I don't have prior professional experience, I have developed a solid foundation in programming through creating numerous personal projects, and managing a website. My extensive portfolio showcases my expertise in various programming languages and technologies, and demonstrates my ability to create complex, functional applications. With a strong ability to collaborate with others and a keen eye for problem-solving, I am confident in my ability to contribute to any team's success. I am excited to leverage my experience and passion to excel in a software engineering position and grow as a professional.

EXPERIENCE

Server

Compadres Mexican Restaurant

May 2021 – August 2022

Worked as a typical server for the restaurant, providing the utmost customer service, multitasking, and manual labor skills.

Website Manager

Eno Triangle Pony Club

November 2020 – December 2022

Worked as a web master for the non-profit Pony Club chapter in Chatham County. Managed all front and back end development for their site, and made updates as applicable.

Lifeguard

Carolina Pool Management

May 2019 – August 2020

Worked as a customer service representative for the company, as well as fulfilling lifeguard, pool and grounds maintenance duties.
